MCM Named One of Washington's Best Workplaces by Puget Sound Business Journal

Seattle, WASH – For the first time, MCM was named as one of Washington's Best Workplaces by the *Puget Sound Business Journal*. The program was established to identify and recognize best practices in the hiring and retention of great employees. This year, after an extensive and rigorous process, which included more than 300 nominees and the completion of surveys by nominee-company employees across the state, workplaces in four different categories were identified as Washington's best, based on their various employee benefit offerings, leadership culture and work/life balance philosophies. In total, 85 companies made the list this year.

"This is a huge honor for us," said CEO, John Meisenbach. "The success we have experienced over the past 50 years is a result of the dedication and excellence of our employees."

About MCM
